
UND SMHS Strategic Plan Individual Unit Report for 2022

GOAL 4 for **research**

LEARNING

One UND Strategic Plan Goal 4: *Enhance discovery at a level consistent with most research intensive universities (Carnegie R1) Goal by 2022, (\$120) million-internal and external funding sources.*

UND SMHS Strategic Plan Goal 4: *The SMHS will enhance basic, clinical, and translational health sciences discoveries while focusing on its stated purpose “of discovery of knowledge that benefits the people of this state and enhances the quality of their lives.” The SMHS will support Goal 4 by increasing its extramural funding by 10% per year based on a three year rolling average.*

1. Describe if/how your unit has addressed this goal.

We have continued to substantially invest in our research enterprise via pilot projects, meritorious grant awards, and investment in our cores. In addition, we are working with our clinical departments to enhance scholarship among our clinical faculty and have most recently begun to work on co-appointing some basic science faculty into the clinical departments to provide cross-fertilization.

2. Describe how your efforts are being assessed.

Research funding continues to increase dramatically. Overall extramural funding was nearly 50 million last year. Insert text here

3. Describe how your unit analyzed these data and what assessments were determined.

We believe we are making good progress. While the rapid growth that we have observed over the last few years may not be sustainable, we hope to at least continue at the current level.

4. Describe how your unit will implement any further changes and what barriers may exist.
