# UND SMHS Strategic Plan Individual Unit Report for 2022

## GOAL 2 for **Chose or type your unit name here**

### LEARNING

**One UND Strategic Plan Goal 2: Increase undergraduate, graduate, and professional graduation rates.**

**UND SMHS Strategic Plan Goal 2: SMHS Units will expand their current systems of student support to ensure continued high graduation rates and improve student satisfaction with the overall quality of their education.**

#### 1. Describe if/how your unit has addressed this goal.

We have substantially enhanced our student support program in the medical program, including now mandatory meetings with career counselors at least three x / year with a structured template for the meeting and central monitoring that this is happening. Career counselors also provide academic counseling simultaneously in phases 2 and 3 of the curriculum while phase 1 is characterized by aggressive monitoring of student academic performance by the academic counselor. We have also introduced USMLE step 1 and step 2 prep programs.

#### 2. Describe how your efforts are being assessed.

We have had no student fail the USMLE step 1 exam in three years. We had one step 2 failure, which is markedly improved from previous. We monitor student satisfaction with student support via the GQ and mid-year survey which have shown some improvements. This is still a work in progress and we look forward to this year's midyear survey.

#### 3. Describe how your unit analyzed these data and what assessments were determined.

Mid year survey last year showed some improvement and our GQ results came up a bit, but we still have considerable room to improve. We await this year's mid-year survey results to see how our latest improvements have impacted this.

#### 4. Describe how your unit will implement any further changes and what barriers may exist.

We are awaiting the mid=year survey results and feedback from students to determine what other changes should be made.
