
UND SMHS Strategic Plan Individual Unit Report for 2022

GOAL 3 for **Medicine**

LEARNING

One UND Strategic Plan Goal 3: *Deliver more educational opportunity online and on-campus.*

UND SMHS Strategic Plan Goal 3: *The SMHS will identify opportunities to employ state-of-the-art technologies to enhance education.*

1. Describe if/how your unit has addressed this goal.

We have continued to use hybrid technologies to deliver curriculum throughout the curriculum. We are exploring digital badging as an additional way to deliver and reinforce learning for our students, with one badge already adopted. Further badging requires better computer technology which we are now exploring. Although this is not technology-dependent, we have also substantially expanded our post-graduate residency and fellowship offerings in the past two years, with more programs (pediatrics and forensic pathology) on the way, which certainly addresses the overall UND Strategic Plan Goal 3 of offering more educational opportunities.

2. Describe how your efforts are being assessed.

We count the numbers of residency/fellowship offerings to demonstrate increased educational opportunities.

3. Describe how your unit analyzed these data and what assessments were determined.

We continue to seek to expand residency/fellowship offerings in discussion with our hospital partners.

4. Describe how your unit will implement any further changes and what barriers may exist.

Further residency expansion is limited by finance and by clinical material availability. For instance, we would like to offer an Ob/Gyn residency but do not have an appropriate site and group of faculty preceptors to do this. We would like to expand our digital badging system, but require a better computer program to monitor and track such activities. We have identified appropriate software and have submitted a proposal to finance contracting for this software to the Dean for consideration.

PROVIDE A RATING OF YOUR PROGRESS ON THIS GOAL: XX On Track  Delayed  Behind
