
UND SMHS Strategic Plan Individual Unit Report for 2022

GOAL 3 for **Psych and Behavioral Science**

LEARNING

One UND Strategic Plan Goal 3: *Deliver more educational opportunity online and on-campus.*

UND SMHS Strategic Plan Goal 3: *The SMHS will identify opportunities to employ state-of-the-art technologies to enhance education.*

1. Describe if/how your unit has addressed this goal.

We continue to deliver telepsychiatry experiences for students and residents, but primarily the latter. We continue to be involved in virtual training for the region on Behavioral Health issues through our association with the SAMHSA grant-funded MHTTC (Mental Health Technology Transfer Center) program.

We are in the process of hiring a part-time “Master Educator” to enhance medical student teaching experience. We continue to utilize Project ECHO virtual training for school and community members.

2. Describe how your efforts are being assessed.

Both MHTTC and ECHO have built in feedback requirements.

3. Describe how your unit analyzed these data and what assessments were determined.

Analysis is via the coordinators of the above projects. All have been well received.

4. Describe how your unit will implement any further changes and what barriers may exist.

The ECHO project has hit a couple of barriers; one, engagement of the family medicine program due to scheduling, and second, due to staff and resource changes within the Center for Rural Health.

PROVIDE A RATING OF YOUR PROGRESS ON THIS GOAL: On Track;  Delayed;  Behind

(additional space for text is provided on page 3 if needed)

Additional Information on Goal 2 (optional):
