2. Describe how your efforts are being assessed.

New programs opened.

3. Describe how your unit analyzed these data and what assessments were determined.

We believe we are succeeding.

4. Describe how your unit will implement any further changes and what barriers may exist.

As noted above, we continue to press for expansion of our GME programs in concert with our hospital partners. Barriers include funding limitations and limitations in the availability of faculty and clinical material for some desired programs (eg. Ob/gyn)
