Library Services Available to OT Field Workers

Library website username and login

In order to use the library’s online resources, you must apply for a remote access account.

The application form is available on the library website https://undmedlibrary.org/apply/. When filling out the form, you must select OT Field Educator from the affiliation drop down menu. Your department will verify the information and then you will receive an email from webmaster@undmedlibrary.org with a link that you will need to activate your account.

Select Resources of interest to OT

Full-text journals are available via our website or directly through a database with the Find it @ UND button. Always access resources via the library website.
