WHO WE ARE: We are a privately therapist owned Outpatient and Outreach Clinic serving only the pediatric (ages 0-18) population. We have been open for over 11 years from an outreach perspective serving the reservation schools and Birth to 5 program surrounding Rapid City. In March 2016, we opened an outpatient clinic in Rapid City to serve the more local needs. As of now, our therapists can be tasked to work in the clinic, in homes/preschools for local homecare visits or in the schools and homes on the surrounding reservations.

WHAT WE CAN OFFER:
- We have a multidisciplinary staff (PT, OT, SLP, SpED) on site to learn from and discuss/plan with for comprehensive care
- We have varying levels of experience and have an employee training program including mentorship
- We help reimburse for continuing education and licensure costs and provide vehicles, carpooling or mileage reimbursement for travel
- We assist with health insurance as well as access to supplemental insurances through Aflac.
- We offer variable scheduling with hourly employees starting at $29/hour and up pending experience and credentialing.
- We are located in Western South Dakota with hiking, biking, skiing, climbing and many attractions and outdoor activities to participate in.

WHO WE ARE LOOKING FOR:
- Therapists of any level of experience that are ready to work hard but eager and enthusiastic to work with children
- Therapists who are comfortable or are willing to be trained to work in school/home environments (80%) as well as some clinic time (20%)
- Therapists who are professional and can help grow a case load of pediatric patients in all of the environments that we serve while representing our mission and vision to families of Rapid City and surrounding communities.
- Therapists who are interested in working independently in an autonomous practice but not afraid to ask for help, assistance or backup when needed.
- Team players to provide excellent care
