Horizon Therapy is a growing outpatient physical and occupational therapy company located in three assisted living and memory care facilities in Fargo, ND and Moorhead, MN. Horizon Therapy provides therapy to individuals in these assisted living and memory care facilities. Horizon Therapy’s mission is to provide quality physical therapy and occupational therapy services while taking the time to build lasting relationships with every patient.

A full-time physical therapist is needed at this time. Someone who enjoys providing quality and professional therapy services to adults and geriatrics in the Fargo/Moorhead community would be a great fit.

The job duties of a physical therapist for these settings include the following:
• Establish a plan of care and treat a variety of disorders to increase physical and functional capabilities.
• Restore and maintain quality of life and well-being, and encourage a healthy lifestyle in order to complete functional, daily tasks safely and efficiently
• Proactively treat the overall person in order to increase safety and independence with ADLs, and limit the progression of diseases, disorders or impairments.

In order to qualify for the position, you must have the following:
• Physical therapy degree from an accredited school
• License in the state of ND or in the process of obtaining a license for the state of ND

Additional areas would be preferred:
• Proactive in the aging community
• Good communication skills
• Positive working relationships with coworkers, nursing staff and families of patients
• High quality time management skills
• License in the state of MN or in the process of obtaining a license for the state of MN

The physical therapist will often collaborate with the occupational therapist and nursing staff in regards to the plan of care. The physical therapist will complete evaluations, set goals, provide treatment appropriately, modify interventions as needed, document patient’s progress, discharge at the applicable time and complete screens within given facility.
