## “Acute Postoperative Pain Management: Can we do a better Job?”

Upon completion of this program, the learner will be able to:

1. Utilize a multimodal pain regimen to treat postoperative pain.
2. Understand the different types of neuroaxial and peripheral nerve blocks
3. Be able to perform a Transverse Abdominis Plane (TAP) block.
4. Identify pain adjuncts and the contraindications to their use.

**Patrick Kane, MD**  
Chief Surgical Resident  
Department of Surgery  
UND SMHS

**Dr. Kane will be presenting from  
Altru Hospital, Grand Forks, North Dakota**
