
UND SMHS Strategic Plan Individual Unit Report for 2022

GOAL 2 for **Psych and Behavioral Science**

LEARNING

One UND Strategic Plan Goal 2: Increase undergraduate, graduate, and professional graduation rates.

UND SMHS Strategic Plan Goal 2: SMHS Units will expand their current systems of student support to ensure continued high graduation rates and improve student satisfaction with the overall quality of their education.

1. Describe if/how your unit has addressed this goal.

The Chair has given presentations on medical student provision of constructive feedback to faculty as well as presentations to faculty on generational issues related to student learning. We continue with two Wellness Advocates for medical students (“East and West”) and assist the medical student Psychiatry Interest Group. We continue to enhance our informal and formal instruction of issues pertaining to psychiatry and behavioral health.

2. Describe how your efforts are being assessed.

Formal and informal feedback, re: presentations.

Also, the number of UNDSMHS Medical School graduates choosing:

- 1) Psychiatry as a career
- 2) to interview at UNDSMHS Psychiatry residency program
- 3) matching with UND Psychiatry Residency

3. Describe how your unit analyzed these data and what assessments were determined.

The number of our students choosing psychiatry as a specialty continues at or above the national average. In addition, half of our first-year resident class are graduates of our medical school, a percentage not seen since the 90s.

4. Describe how your unit will implement any further changes and what barriers may exist.

A barrier to enticing high quality out of state students to our residency program is the shift to virtual interviewing.

We continue to evaluate feedback from the students on clerkship rotations and AIs, including GQ, but other as well. A barrier continues to be the availability of community faculty and sites.

PROVIDE A RATING OF YOUR PROGRESS ON THIS GOAL: On Track;  Delayed;  Behind

(additional space for text is provided on page 3 if needed)
