
UND SMHS Strategic Plan Individual Unit Report for 2022

GOAL 8 for Senior Associate Dean for Medicine and Research

LEARNING

UND SMHS Strategic Plan Goal 8: *The SMHS will enhance its purposes of education, service, and discovery by focusing additional efforts toward achieving the broad goals stated in the School's Healthcare Workforce Initiative.*

1. Describe if/how your unit has addressed this goal.

We are working actively to expand our post-graduate training opportunities. With cooperation and support from Sanford, we expanded the surgical residency to include a research year. Applications were submitted this year for postgraduate programs in pediatrics and forensic pathology with direct SMHS/HWI support. Discussions are ongoing with Sanford about supporting other possible programs in the future.

2. Describe how your efforts are being assessed.

Expansion of numbers and types of positions available.

3. Describe how your unit analyzed these data and what assessments were determined.

We believe we are making good progress with postgraduate training expansion.

4. Describe how your unit will implement any further changes and what barriers may exist.

We continue to work to identify opportunities for further expansion.

Barriers include funding and paucity of willing faculty and relevant clinical material for some programs that we would otherwise like to consider.
