#### 1. Describe if/how your unit has addressed this goal.

Pediatrics doesn't address this directly. #### 2. Describe how your efforts are being assessed.

We have not sought philanthropic support as a department separate from the School of Medicine and we have not received any earmarked funds for Peds in the recent past.

#### 3. Describe how your unit analyzed these data and what assessments were determined.

#### 4. Describe how your unit will implement any further changes and what barriers may exist.
