
UND SMHS Strategic Plan Individual Unit Report for 2021

GOAL 2 for **Senior Assoc. Dean Medicine/Research**

LEARNING

One UND Strategic Plan Goal 2: Increase undergraduate, graduate, and professional graduation rates.

UND SMHS Strategic Plan Goal 2: SMHS Units will expand their current systems of student support to ensure continued high graduation rates and improve student satisfaction with the overall quality of their education.

1. Describe if/how your unit has addressed this goal.

We have created a series of learner support programs to identify and support at risk medical students in the preclinical years.

2. Describe how your efforts are being assessed.

NBME pass rates have increased substantially over the past two years.

However, although our graduation rate is consistent with the national standard, we aspire to decrease it further.

3. Describe how your unit analyzed these data and what assessments were determined.

We are currently analyzing data to try to understand and more accurately identify at risk students early for intervention.

4. Describe how your unit will implement any further changes and what barriers may exist.

Some aspects of prematriculation optional curriculum delivery are being explored. Whether any of this can be made mandatory for some students remains controversial.

In addition, we are working to further enhance our learner support programs.

PROVIDE A RATING OF YOUR PROGRESS ON THIS GOAL:  XXXX Or  Back;  Delayed;
Behind

(additional space for text is provided on page 3 if needed)
