
UND SMHS Strategic Plan Individual Unit Report for 2020

GOAL 6 for **Biomedical Sciences**

LEARNING

One UND Strategic Plan Goal 6: Meet educational needs of active duty and reserve personnel, veterans, and their families. Goal by 2022, A 25% increase in credit hours earned by active duty military personnel, veterans, and their families.

UND SMHS Strategic Plan Goal 6: The SMHS will determine how we may better meet the educational needs of active duty and reserve personnel, veterans, and their families.

1. Describe if/how your unit has addressed this goal.

Our Department does not have a *targeted* effort to recruit active, veteran or reserve duty individuals or families to our MS/PhD programs although we have a long history of both reserve and veteran undergraduate and graduate student members. We do, however, in our undergraduate courses every year make accommodations for ROTC or National Guard students who are called away for training. In addition, our effort to move course online such as Micro 202 and to create a SPEA Anatomy&Physiology course were developed this year to provide flexibility to students.

2. Describe how your efforts are being assessed.

N/A

3. Describe how your unit analyzed these data and what assessments were determined.

N/A

4. Describe how your unit will implement any further changes and what barriers may exist.

We should perhaps work with the VA to understand how to reach reserve, veteran, and active duty personnel to advertise our graduate program opportunities. We could also advertise our MS/PhD programs at the Grand Forks Air Force Base as we have a history of spouses of active duty personnel enrolling in our programs for MS degrees.

PROVIDE A RATING OF YOUR PROGRESS ON THIS GOAL;
(additional space for text is provided on page 3 if needed)

On Track ●
