
UND SMHS Strategic Plan Individual Unit Report for 2020

GOAL 6 for **Physical Therapy**

LEARNING

One UND Strategic Plan Goal 6: Meet educational needs of active duty and reserve personnel, veterans, and their families. Goal by 2022, A 25% increase in credit hours earned by active duty military personnel, veterans, and their families.

UND SMHS Strategic Plan Goal 6: The SMHS will determine how we may better meet the educational needs of active duty and reserve personnel, veterans, and their families.

1. Describe if/how your unit has addressed this goal.

The department has not directly addressed this goal. The department does work with individuals currently serving as active duty troops or reserve troops. The department is not aware of any current active duty or reserve military members in the professional DPT program.

We do have a spouse of an active duty military member in the professional program. The individual was deployed and the spouse was supported emotionally by classmates, faculty, and staff throughout the deployment. We worked with the spouse to provide methods to make up classes as needed.

2. Describe how your efforts are being assessed.

Assessment of support for military spouse was anecdotal responses from the student and faculty.

Analyzing our 2020 admissions, we had five individuals out of 181 applicants identify themselves as a military dependent. Four of the five individuals were qualified and offered positions in the class. One person accepted UND PT while the remaining three people declined and accepted elsewhere.

3. Describe how your unit analyzed these data and what assessments were determined.

See #2 above

4. Describe how your unit will implement any further changes and what barriers may exist.

We will review methods to identify military personnel earlier in the application process. We will work with campus resources to provide materials supporting military members, reserve troops, and military spouses.

PROVIDE A RATING OF YOUR PROGRESS ON THIS GOAL: On Track; Delayed; Behind
