Dr. Carr commented that in Pre-clerkship we can develop a standardized way to reflect on this and incorporate into PCL cases. Dr. Porter, Dr. Carr and Dr. Zelewski will arrange to meet with some of the students on the DEIC who will assist them with creating a template. Dr. Porter will ask Michelle Montgomery to assist with identifying students for this project. The template will then be proposed to the entire DEIC. Dr. Zelewski commented that some students would prefer not to identify their own personal diversity categories with their peers. Noted we will want to focus the discussion on the patient’s background, rather than the student background.</p>
