

Policy on Closure/Reduction of Residency/Fellowship Programs or Closure of the Institution

If the institution, which is UND SMHS, intends to reduce the size of a residency/fellowship program, close a residency/fellowship program, or close the entire institution, the institution will inform the DIO, the GMEC, and the residents/fellows as soon as possible. In the event of such a reduction or closure, the institution will allow residents/fellows already in the program to complete their education or will assist the residents/fellows in enrolling in an ACGME-accredited program in which they can continue their education.
