

**Student Bloodborne & Biological Pathogen Exposure
Refusal of Care Form**

I understand that due to my bloodborne or other potential infectious material exposure I may be at risk of acquiring HIV, HBV, and HCV, or other potential infectious pathogens.

I have been informed that it is the standard procedure after a bloodborne exposure incident to be tested for HIV, HBV, and HCV infection immediately. However, **I decline to be tested for HIV, HBV, and HCV.** I am signing this release form in full recognition and appreciation of the dangers, hazards and risks of not being tested for bloodborne pathogens or other biological infections.

I understand by signing this release, I am releasing and holding harmless the clinical affiliation site _____ and the University of North Dakota, their governing boards, officers, employees and agents from any and all liability, claims and actions arising out of this incident.

I recognize that this release means that I am giving up, among other things, the right to take legal action against the clinical affiliation site _____ or the University of North Dakota, their governing boards, officers, employees and agents for injuries, damages or losses I may incur. I also understand that this release bind my heirs, executors, administrator, and assigns, as well as myself.

I understand that I may be potentially exposed to a communicable pathogen, I may be a potential hazard to patients, and I may be suspended from a clinical affiliation and/or program.
