completed, election was held, and positions were filled. This is the first ballot that incorporated the new membership of FAC that includes seven members from the Biomedical Sciences.

**Research Committee’s** annual report was presented by Dr. Xuesong Chen. Discussion was had regarding Frank Low Research Day.

**Graduate Medical Education Committee’s** report was presented by Dr. Kim Becker. Dr. Becker indicated that ACGME has approved some new residency programs and fellowships. The Geriatrics Residency in Fargo has been approved for two fellows; Orthopedics Surgery in Fargo is approved for three residents; Geriatrics Fellowship in Bismarck has one resident, but is approved for two; and the Family Medicine Residency has been approved to have five residents in Fargo.

Clarification in the Bylaws as to membership of the GMEC may be brought forward to the Bylaws Committee this year.

### Policies – Dr. Joycelyn Dorscher

**Policies were provided electronically before the meeting.**

**Duty Hour Policy:** Discussion was had regarding the Duty Hour Policy. Comments received from the comment period have been addressed. Service learning activities are to be added to the policy. There will likely be additional clarifications to this policy in the near future.

**Excused Absence and Tardiness Policy:** There were no comments received from the two-week comment period. Discussion was had regarding if there is a need to have an active-learning activity as part of the curriculum, please let Dr. Carr know. That activity will be made mandatory.

Judy will check on the following question, does a recommendation that comes from the Research Committee have to be endorsed by FAC or can it be forwarded to the appropriate party (i.e. the Dean)?

Motion to approve the Duty Hour Policy was made by Dr. Ryan, seconded by Dr. Lutz. Motion passed.

Dr. Joy Dorscher will edit the policy to include the language “mandatory.” Dr. Dorscher will also develop a procedure relating to this policy.
Committee on Promotion and Tenure Guidelines: Thanks were given to the faculty and staff for their valuable time and effort to complete the Guidelines.

Clinical faculty are not required to have all three legs of the stool. Promotion at this level is decided administratively. (This is not a change.) The title of “Community Faculty” is no longer used.

Discussion was had regarding clinical faculty vs. clinician scholar.

The comments received from the two-week comment period prior to this date have been addressed. Dr. Mabey addressed these comments individually.

The new teaching track was discussed. This is similar to the existing research track where the primary responsibility of a faculty member in this track is teaching.

The performance matrix has been changed to include, “not meeting expectations” as opposed to, “good.”

Motion to approve the Excused Absence and Tardiness Policy was made by Dr. Ryan and seconded by Dr. Rick Clarens. Motion passed.

There was a motion made by Dr. Ryan and seconded by Dr. David Relling, to approve the Committee on Promotion and Tenure’s proposed Guidelines; and direct departments to have the School’s Committee on Promotion and Tenure-approved departmental Guidelines, for full implementation of no later than July 1, 2018.

Other: It was noted that the media outlets were using pictures of the old SMHS building in a story relating to the SMHS. Informational only
