

Attention Science Teachers: Apply today for **NEURO**SCIENCE

Indians Into Medicine: Native Educator University Research Opportunity

Transform your classroom by stepping into the lab. Join a premier 8-week professional development program designed for high school science teachers.

Program Overview

NEURO places you directly into a Department of Biomedical Sciences research lab at the University of North Dakota. You will gain first-hand experience in scientific discovery while working alongside expert educators to translate that research into high-impact inquiry for your students.

Dates: June 2 – July 25, 2026

Hybrid (5 weeks on-campus, 3 weeks remote)

- Remote: June 1 – 5 & July 13 – 24
- On-Campus (UND): June 8 – July 10

Apply here!
