

Evaluation and grades for Traditional (1 week/40 hours) Level I Fieldwork:

During the course of the professional program students will participate in a series of Level I fieldworks, three of which use the Satisfactory/Unsatisfactory (S-U) grading system. Students receiving an unsatisfactory (U) grade for a Level I fieldwork component of any course will receive an Incomplete for the course. The student will have one opportunity to repeat the Level I fieldwork for a passing grade. The professional program maintains that the traditional Level I fieldwork experiences (1 week/40 hours) do not have a corresponding point value awarded within the course.
