About Us

At Alliance Physical Therapy we provide the best possible outcomes to our patients by integrating ourselves into our business relationships through accountability and cooperative strategic planning for the future. We operate with honesty, integrity & compassion that exceed the expectations of those who place their trust in us. We are dedicated to providing comprehensive, individualized treatment that meets the highest standards of rehabilitation. We are driven by our core values: We proudly set the standard, lead with empathy, do what’s right, focus on the positive, and remain stronger together.

In your role as a physical therapist (PT), you’ll be the connection between the additional one-on-one time we enjoy with each patient and the progress they make. Following them throughout their stay, you’ll work with the latest technologies and experience unprecedented growth opportunities within your chosen field. Get to know your patients and help them reach their goals while pursuing some of your own.

Alliance Physical Therapy Careers Different—and Better:

Working at Alliance Physical Therapy means being part of something special: A team that is passionate about making an impact on patients’ lives each day. As you help patients achieve goals and increase function, independence, and performance, you can form significant relationships with them and celebrate the successes they experience along the way.

Our culture of compassion and collaboration is founded on more than just the care we provide our patients; it is expressed in the values we live. We encourage each employee to keep learning and growing by providing the resources to deliver a better way to care. At Alliance Physical Therapy, you’ll find a career that is challenging, inspiring and rewarding.

Physical Therapist (PT)

Here is your opportunity to channel the full extent of your knowledge, skills, ambition, and experience on a daily basis. Inspire our patients to progress each day as you:

• Collaborate with Physicians, and other health care team members regarding patient treatment plan, progress and change in status.
• Establish and develop a plan of care in collaboration with patients.
• Maintain open and ongoing communication to ensure that patient and staff needs are met.
• Help patients to regain control of their lives and their independence.
• Build strong rapport with patients

Credentials:

• Current state licensure or certification on or before the first day of employment required.
• CPR certification preferred.
• Successful completion of a degree from an accredited PT program, plus sufficient experience in the field essential.
• Demonstrated competence in physical therapy evaluation, assessment, care planning and treatment.
• Effective communication skills for working with patients, families and caregivers required.

Enjoy competitive compensation:

• Health Insurance
• Continuing Education Allowance
• Company-matching 401(k)
• Flexible Paid Time Off
• Paid License Renewal
• Paid Time Off and Paid Holidays
• Sign on Bonus
