

Nonrenewal of contract policy

A resident whose contract will not be renewed will be given notice *four months* prior to the end of the resident's current agreement, unless the primary reason(s) for the nonrenewal occurs within the four months prior to the end of the agreement. The institution and/or accredited programs within the institution, will provide the resident with as much written notice of the intent not to renew as the circumstances will reasonably allow, prior to the end of the agreement.

Residents will be allowed to implement the institution's grievance procedure if they have received a written notice of intent not to renew their agreements.
