

UNDERSTANDING COMMUNITY HEALTH CENTERS AND OPPORTUNITIES FOR RESEARCH AND DATA PARTNERSHIPS

February 8, 2023

INTRODUCTIONS

Shannon Bacon

Becky Wahl

WHAT IS A COMMUNITY HEALTH CENTER

- Non-profit, community-driven clinics;
- Provide high-quality primary and preventative care to all individuals, regardless of their insurance status or ability to pay;
- Located in underserved and low-income urban and rural areas; and,
- Patients receive services that promote health, diagnose and treat disease, and manage chronic conditions and disabilities.
 - Dental, medical, behavioral, insurance enrollment specialists, vision care, translation/interpretation, and pharmacy.

WHO IS CHAD?

- Federally funded Primary Care Association
- Our board of directors = CHC leadership
- CHAD supports CHCs in their mission to provide access to health care for all Dakotans regardless of insurance status or ability to pay. This can look like:
 - Training
 - Peer networking
 - Coordinated implementation of an initiative
 - Coaching and technical assistance

PATIENTS WE SERVE

Health Centers serve all populations with limited access to health care, including rural and frontier areas, veterans, limited English proficiency, uninsured, Medicare and Medicaid, and low-income.

PATIENTS WE SERVE

TOTAL PATIENTS

ABOUT GPHDN

- Affiliate of CHAD
- Partnership between CHAD and WYPCA
- Comprised of 11 Community Health Centers (CHCs) - 4 in ND, 3 in SD, 4 in WY
- GPHDN has combined land mass of nearly 246,000 miles with only a little over 2.2 million residents.
- Consists of 76 sites
- Range of small PHCs
 - Smallest PHC serves 362 patients
 - Largest PHC serves nearly 28,000 patients
- Serves nearly 105,000 patients across ND, SD, and WY

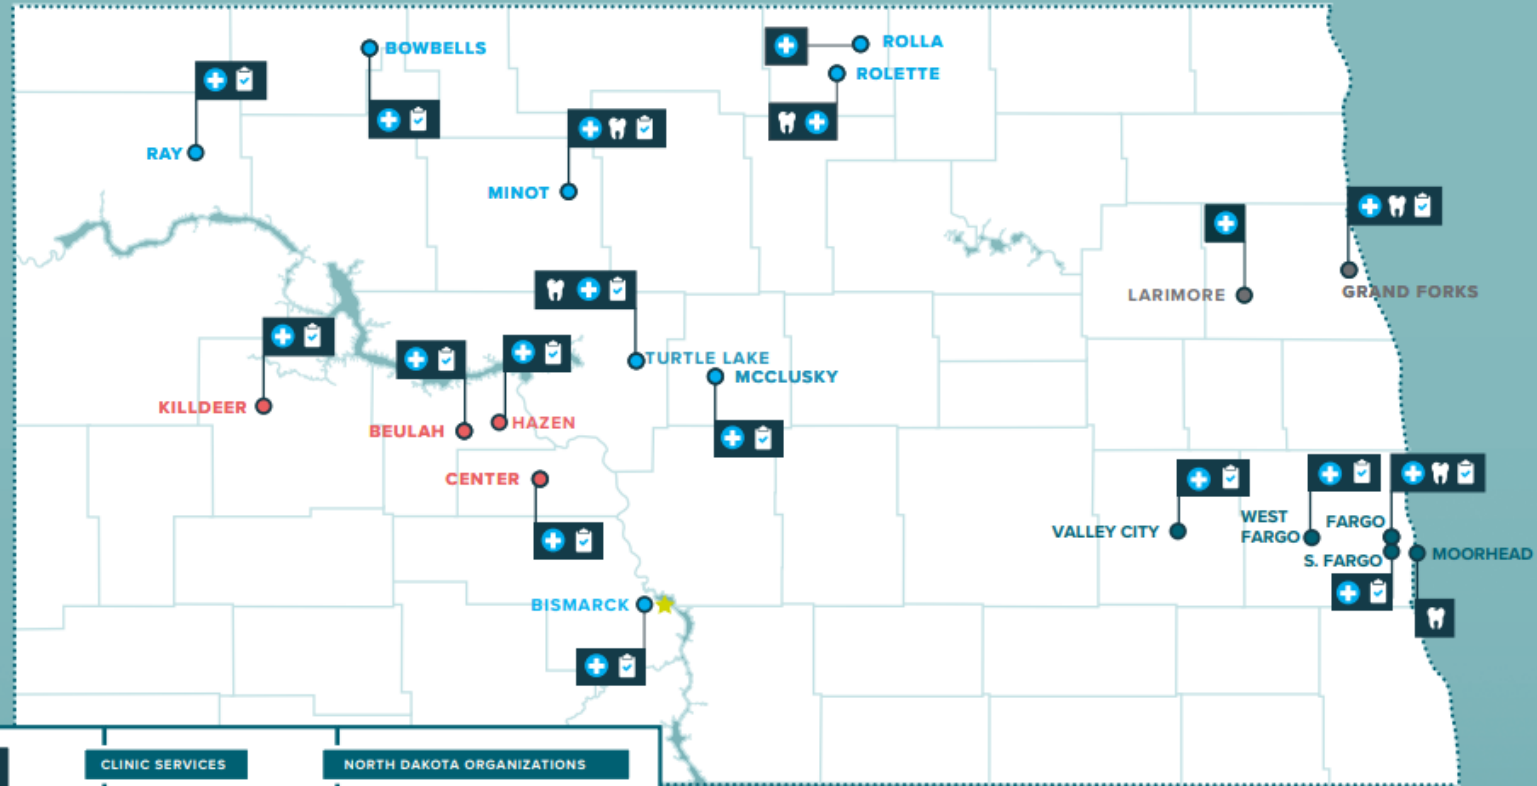

GREAT PLAINS

HEALTH DATA NETWORK

NORTH DAKOTA COMMUNITY HEALTH CENTERS

KEY	CLINIC SERVICES	NORTH DAKOTA ORGANIZATIONS
LOCATIONS		
○ CLINIC	Medical & Behavioral	Coal Country Community Health Center
★ CHAD OFFICE	Dental Clinic	Family HealthCare
	School-based	Northland Health Centers
	Other Services/Programs	Spectra Health

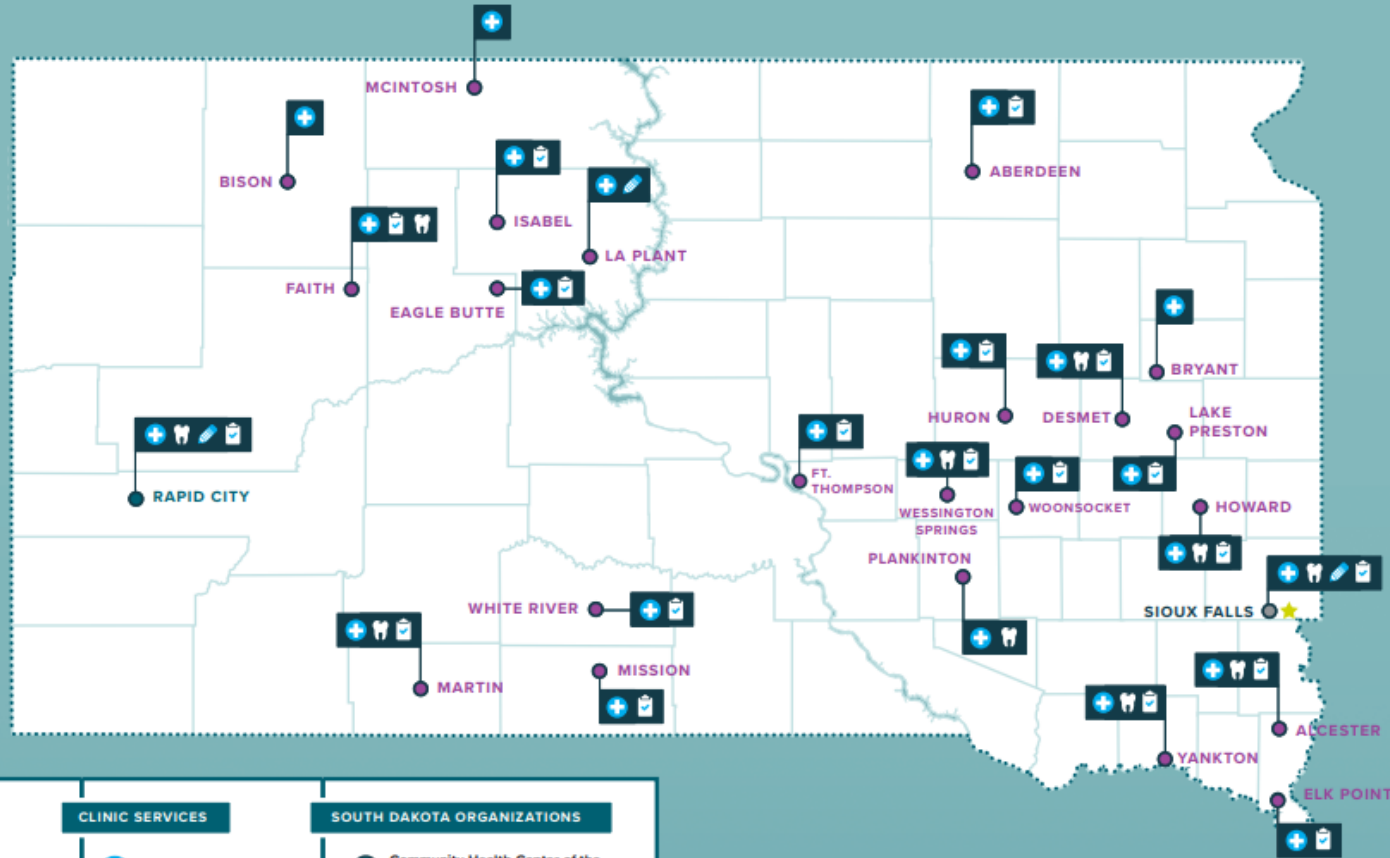

GREAT PLAINS

HEALTH DATA NETWORK

SOUTH DAKOTA COMMUNITY HEALTH CENTERS

KEY	CLINIC SERVICES	SOUTH DAKOTA ORGANIZATIONS
LOCATIONS		
○ CLINIC	Medical & Behavioral	● Community Health Center of the Black Hills
★ CHAD OFFICE	Dental Clinic	● Falls Community Health
	School-based	● Horizon Health Care
	Other Services/Programs	

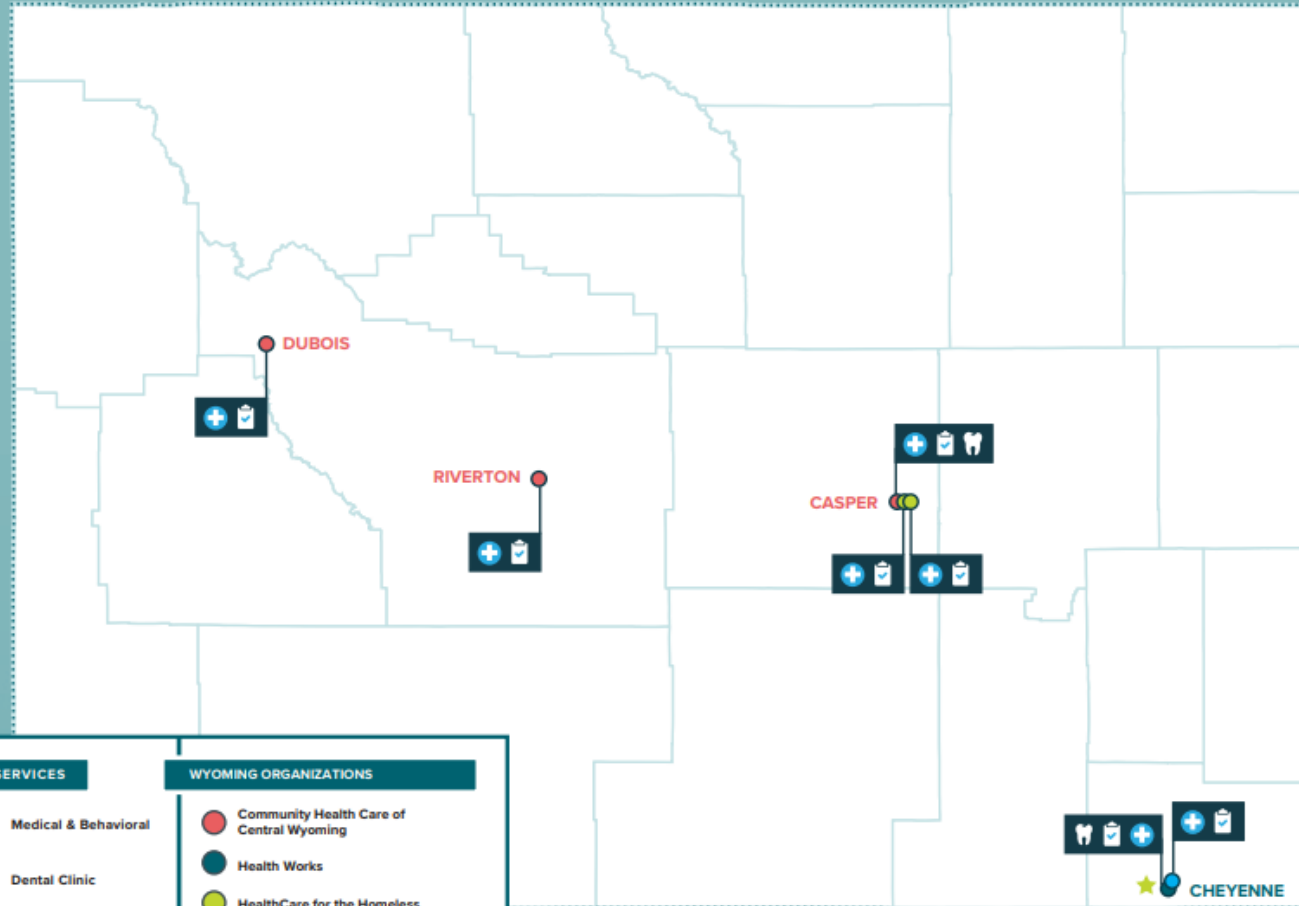

GREAT PLAINS

HEALTH DATA NETWORK

WYOMING COMMUNITY HEALTH CENTERS

KEY	CLINIC SERVICES	WYOMING ORGANIZATIONS
LOCATIONS		
○ CLINIC	Medical & Behavioral	Community Health Care of Central Wyoming
★ WYPCA OFFICE	Dental Clinic	Health Works
	School-based	HealthCare for the Homeless
	Other Services/Programs	Crossroads

PARTICIPATING HEALTH CENTERS

GPHDN FOCUS AREAS

- **Data Security**
- **Data Strategy**
 - Individual and network approach to using data
 - Identifying priorities for Azara
- Virtual Care
 - Telehealth
 - **Patient Engagement** – online scheduling/registration, two-way texting
- Data Aggregation and Analytic System (DAAS)/**Azara**
 - Implementation
 - Sustainability

DATA AGGREGATION AND ANALYTIC SYSTEM (DAAS)/AZARA

- DAAS is a population health management tool called Azara will data that is aggregated at the network and individual health center level.
- Connects to the health center electronic health record (EHR) and extracts the information into one data system called Azara.
- Currently have four health centers connected and three near completion of implementation. The remaining four should be implemented in the next 3-6 months.

AVAILABLE DATA

- Health Center Program Uniform Data System (UDS) data
 - Data on patient characteristics;
 - Services provided;
 - Clinical processes and health outcomes;
 - Patient's use of services;
 - Staffing;
 - Costs; and
 - Revenues.
- Patient's social risk factor data/risk stratification

AVAILABLE DATA

- Clinical data examples
 - Childhood immunization status
 - Child weight assessment
 - BMI screening and follow-up
 - Depression
 - Tobacco screening
 - Colorectal cancer screening
 - Cervical cancer screening
 - Breast cancer screening
 - Controlled substance data
 - Hypertension controlling high blood pressure
 - Diabetes A1c>9 or untested
 - Statin therapy for prevention and treatment of cardiovascular disease
 - IVD aspirin use
 - HIV screening
 - COVID-19 data
 - Dental
 - OB/Pregnancy data

POTENTIAL RESEARCH IDEAS

- Utilize patient engagement tool to test effectiveness of tailored messaging (reminder/recall notifications, or disease management education messages) and impacts on clinical quality measures or social determinants of health measures:
 - **Clinical Quality Examples:** Tobacco cessation; cancer screenings; hypertension; diabetes management; immunization; depression screening
 - **SDOH example:** Test out text messages with transportation assistance offer pre-visit for diabetic (or another cohort) patients who've screened positive on transportation need previously. What is the effect on diabetic management?

POTENTIAL RESEARCH IDEAS

- Analyze social determinant of health data correlation to clinical quality measures and identify/test potential interventions.
 - Example: What is the top social need for patients with uncontrolled blood pressure? Test out intervention on the top social need to identify whether there is improvement in blood pressure control.
- What are the health outcome impacts of onsite food pantries in medical settings? What implementation factors contribute to success?

FUTURE DATA

- Admissions, Discharge, and Transfer (ADT) data;
- Claims data;
- Referral data;
- Patient engagement data;
- Health information exchange (HIE) data;
- Prescription fill data; and,
- Other possibilities available

HOW TO REQUEST DATA

- Researchers would determine which CHCs they would like to have part of their study.
- Researchers identify which data is needed.
- Contact Becky Wahl or Shannon Bacon at GPHDN to request data.
- GPHDN will reach out to CHCs to share study information and develop participation agreement.
- GPHDN will determine data use cost depending on data needs—subscription costs range from \$18,500 to \$35,500/health center annually
- Data use agreements will be executed upon agreement.

Thank
You!
