**EDWIN C. JAMES LECTURESHP AND SURGICAL RESIDENT RESEARCH COLLOQUIUM**

The purpose of the annual Surgery Resident Research Colloquium is for the presentation of each general surgery resident’s research project for the academic year.

- First and second year residents present posters of their projects in development. Third, fourth and fifth year residents give oral presentations of their projects.
- Presentations are judged by a panel of clinical and basic science faculty with the winning projects in each category awarded at the Chief Resident Graduation Banquet.
- Many of the research projects will be presented at regional or national meetings and be submitted for peer reviewed publication.
